Replacement feet for the Sony TA F222ES stereo amplifier (and probably similar series).

Adding an additional 1mm (± 0.1 mm) adhesive rubber pad at the bottom is advisable.

Vertical spacing is identical to the original once the pad is added.

If you cannot find a suitable rubber thickness, replace all 4 feet to avoid wobble.

Print instructions

PETG highly recommended (some flex required).
Print at 0.2 layers or lower.
