Summary

Cover for ARC hinge location if using X1 door from Bambu

[3D Printers](#) > [3D Printers - Upgrades](#)

I had already put in the brass inserts but wanted to use the original X1 door so I remixed the previous design to allow for m3 screws to be used to cover up the hinge holes on the front of the ARC enclosure.

This remix is based on

ARC
Hinge
Delete
(Bambu
Door
install)

ARC Hinge Delete (Bambu Door install)
