### Summary

I made it out of ASA and it works great. I slightly remixed the bayonet cap for a thicker wall, for better durability.

[Household](#) > [Outdoor & Garden](#)

Tags: [dispenser](#) [chlorine](#) [pool](#)

It is good idea and works great, thanks to author.

I had issues with printing the thin walls with my 0,6 nozzle so I was remixed it.

### This remix is based on

**Swimming Pool Chlor Floater/Dispenser for big 200g Pills (no support needed)**
