I created a years worth of fun hair accessories for something new each month. Many are big enough for a large bun but several are smaller for a small 1/2 bun or for use as a barrette instead of bun holder.

All files should be printed at 0.2mm

January - snowflake - 3 layers

February - Conversation Hearts - 6 layers

March - Leprechaun Hat - 3 layers
April - Bunny - 3 layers
May - Flower Mandala - 3 layers
June - Bee - 3 layers
July - Red, White and Blue Stars - 3 layers
August - Sunshine - 4 layers
September - Leaf1 & Leaf2 - 2 layers each
October - Bat - 3 layers
November - Pumpkin - 3 layers
December - Holly Leaves & Berries - 4 layers

Color changes are at different layers so can easily be printed on any 3D printer. The hair stick may need a brim for better adhesion, post sanding will be needed so it doesn't catch on your hair.
