“Try to imagine all life as you know it stopping instantaneously and every molecule in your body exploding at the speed of light.”

8x3mm magnets to be glued in

15% infill used in example

-example printed on an MK4 using prusament filaments (PLA)

If you'd like to shoot some spare change or a dollar my way, you can donate [here](#) (paypal).

Quick Update: Had a lot of life events happen this year and haven't been able to create for a bit. Should be getting back into it :)

(check out my profile for more pop culture magnets, including the Venkman and Ray magnets!)
