## Summary

Quick cloche frame holder for screwing into raised beds. Made for mounding tubes 18mm or less in diameter

[Household](#) > [Outdoor & Garden](#)

Tags: [framemount](#) [cloche](#) [raisedbed](#) [planting](#)

Mocked up and modeled some pipe holders for the cloche framework being used on the raised beds in my garden.

made to fit pipe 16mm in diameter but can fit up to 18mm. Drainage hole in the bottom for any rain that gets through.
