This is a cartoon-accurate model of Dinobot Grimlock's blaster from the OG Transformers cartoon. It fits on a standard sized FDM printer bed, and there are a couple places to optionally support the blaster with 1/4" and 1/2" dowel. (The former goes in the long barrels, the latter goes in the main body of the gun, which has been split up)

Just print one of each file and you should be good to go!
