Tags: [pc4m10](#) [vminion](#) [asa](#) [abs](#) [ratrig](#) [ratrigvminion](#)  
[pushfitting](#) [reversebowden](#)

V-Minion Z-Top with threads for a PC4 M10 push fitting to be used for the reverse bowden. The model is based on the ABS/ASA optimized V-Minion parts from Vector3D. This part is also optimized to account for the shrinkage of ABS/ASA.
