Ender-7 Hotend v2 Mosquito Magnum/Lgx Lite Extruder

This version has a more modular design with the mounts for the fans and the adxl345 separated so the can be customized.

It also enables better visibility of the hotend nozzle

included step file of parts

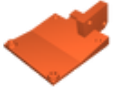

i am getting the mount for the mosquito magnum cnc machined in aluminum by pcbway and have included the .step file and .pdf detail they required, if anyone would also want to do so.

20230817: parts arrived, installed and added pictures
