### Summary

Small Keychain Spinner, modelled after a karambit but still pretty small.

Tags: [toy](#) [spinner](#) [fidget](#) [karambit](#)

I made this myself modelling it after similar spinners I had seen but didn't quite like the feel of. Its scaled so that the diameter of the hole is 16.9mm, that fit me best but you may want to rescale it for your personal use. If you do print this please post a make and leave any suggestions you may have.
