Summary

reduce the size (-50mm) to support squash ball feet damper.

[3D Printers](#) > [3D Printers - Upgrades](#)

Reduce the size (-50mm) to support squash ball feet damper (<https://www.printables.com/de/model/50938-low-profile-toolless-prusa-i3mk3s-squash-ball-feet>).

With this shorter version I can use the bin AND the squash-ball-feet.

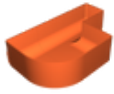

This remix is based on

Prusa MK4 bin
