### Summary

This is the files of the Raspberry Pi Portable that I featured in my last video: <https://youtu.be/OkcYrpuvOW8>

[Gadgets](#) > [Portable Devices](#)

Tags: [raspberrypicase](#) [lcdcase](#) [raspberrypi4](#) [raspberrypi](#)

I printed these at a 0.2 layer height, 3 perimeters and 20% infill, those settings work fine. You can see how the parts are laid out in my video. If you want to remix it, feel free, a step file is attached in the model files :)
