As I lost overview on which spices I have in my drawer, I needed to come up with a solution.

Now I mounted the shelf on the back side of my kitchen drawer door. and the Spices are

really clearly visible.

Requirements for each Layer

- One Piece and one mirrored Piece
- 2 pieces Strip of Wood 5mm x 30 mm(can be customized)
- 4 wooden screws
- some Patience to make it nicely

Instructions

- Print the pieces

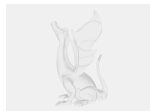

- construct the measured positions on the backside of your drawer door.
- Vertical hole distance is 5 cm
- Minimum Pitch among Shelf layers should be at least 16 cm
- Mount the Plastic parts to the drawer
- Cut and insert the Wood strips and lock them(with small nails e.g.)
- Insert the Spices

Happy cooking!

.. and I'd love to see your Shelves!
