Tags: [hive](#) [storagesystem](#) [drawers](#)

This storage system was originally inspired by "The HIVE" (<https://www.thingiverse.com/thing:1743145>). It is fully customizable, see openscad source for more info and examples. You may need to adjust tolerances depending on your printer, default should work fine for Prusa i3 MK2/MK3.

Print instructions

No supports are necessary, all models are oriented in print positions.

Frame as is should be printed with 0.4mm nozzle, for larger nozzles you may need to increase frame_t to have larger locks.
