Make your own REM Pod!

I used the: MadLab MLP105 Electronic Kit, Junior Theremin. To make it work, I also used a speaker, some led lights, battery holder and a power switch in the back. What is a REM Pod?:

<https://horrorfacts.com/what-is-a-rem-pod-do-they-work/>

You can become the new Zak Bagans and start your own Ghost huntings! TODAY, or tonight... Have fun!
