Summary

simplified shogi for those who can't understand japanese kanji

[Toys & Games](#) > [Board Games](#)

Tags: [games](#) [boradgames](#) [shogi](#)

Print instructions

I printed all parts in PLA using a 0.4mm nozzle and 2 walls 10% - 15% infill.

Recommended profile: 0.2mm-0.15mm
no brim no supports

inspiration from manual of original game

i have original game but in kanji so nobody want to play them. i had to make them simpl.

Pdf manual is found in files section

My recomendation is to mark with red fix bottom side of some peices just like in the pdf.
