

Remix of Fotschi's Flexi TPU wallet

Mroven

[VIEW IN BROWSER](#)

updated 7. 2. 2024 | published 7. 2. 2024

Summary

Added a thumb hole to more easily slide cards out, and reduced the width by 5mm to fit cards a little more snug.

[Fashion](#) > [Other Fashion Accessories](#)

Printed without supports. Got a bit of stringing, but model is pretty straightforward to print.

Hope you like this remix, and give it a try. If you don't want to print it yourself, I can print it for you! If you would like to support my work, check me out on Etsy.
