The Logitech F310 Gamepad is one of the PC's most popular game controllers, and it was in dire need of a wall mount. Now you can mount your F310 (and most likely also your F510, Dual Action, and Cordless Rumblepad) to any vertical surface.

Print without supports.

Mount with two countersunk #8 screws, 3/4" or longer.

If you own a F510 or other Logitech controller, please let me know if this works for you.
