A Sphere inside a sliced sphere, or if you like, a caged sphere.

There are 3 versions:

1. print-in-place Sphered Sphere
2. insert version Sphered Sphere
3. just the Sliced Sphere

They make a perfect antistress and satisfying toy

## Print Settings

### Printer Brand:

Creality

### Printer:

Ender-5 Plus

**Supports:**

Yes

**Resolution:**

0.4x0.2

**Infill:**

not important

**Notes:**

For the print in place version, just print

For the insert version, you will need to print first the spherical insert and then print the outside sphere and add a print pause (you can use colour change) in your slicer around at 10.4 mm

**Post-Printing**

**For the print-in-place, use a sharp and thin blade to free the spherical insert**
