Summary

A modification of my parametric box to hold a cheap hot glue gun and additional glue sticks.

[Hobby & Makers](#) > [Organizers](#)

This is a modified version of my parametric box to hold a cheap hot glue gun. Not all glue guns are made equally, but there's a pretty common cheap design out there this should fit.

Please print the hinges and clasps in this orientation for best part strength

Filaments used

Polymaker PolyLite PLA Gray
Polymaker PolyTerra PLA Matte Muted Blue
Atomic Filament Gun Metal Gray PLA v2
