Tags: [miniature](#) [citadel](#) [warhammer](#) [paint](#) [warhammer40k](#)  
[vallejo](#) [miniaturepainting](#) [paintrack](#)

A paint rack and brush holder designed to hold fifteen citadel (33mm) or vallejo (25mm) paint pots, along with 27 brushes.

The design is optimised with inbuilt supports and bridging to reduce the estimated material usage from 411g to 191g.

v2: Added supports to sides and rear to hopefully eliminate z-banding. Changed bottom brush holders to cone shapes to center brushes. Made brush holes smaller by 2mm to 6mm
