Hello and welcome to Ape...

[REDACTED] Rick: Come on, flip the [DEVICE_NAME_HERE], Morty. You're not gonna regret it. The payoff is huge.

[Morty hesitantly picks up the screwdriver and turns the [DEVICE_NAME_HERE] over. The [DEVICE_NAME_HERE] has Rick's face on it] I turned myself into a RickDOS, Morty! Boom! Big reveal: I'm a RickDOS. What do you think about that? I turned myself into a RickDOS! W-what are you just staring at me for, bro. I turned myself into a RickDOS, Morty!

Morty: And?

RickDOS: "And"? What more do you want tacked on to this? I turned myself into a RickDOS, and 9/11 was an inside job?

Morty: Was it?

RickDOS: Who cares, Morty? Global acts of terrorism happen every day. Uh, here's something that's never happened before: I'm a (gla)DOS. I'm RickDOS!

How I Designed This

This is remixed and fully compatible head for GlaDOS lamp: <https://www.instructables.com/id/A-fully-3D-printable-GlaDOS-Robotic-ceiling-arm-la/>

Face is taken from: <https://www.thingiverse.com/thing:3717737>

Used PrusaSlicer, Autodesk and Blender (in various and random proportions :P)

Not that I have any idea what I'm doing.

Category: Creatures

This remix is based on

A Fully 3D Printable GlaDOS Robotic Ceiling Arm Lamp
