Tags: [ladderhook](#) [ladderholder](#) [ladderbracket](#)

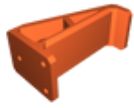

A small footprint mount for a single folding aluminium platform step ladder (3-8 tread).

Stop those pesky ladders falling on top of you in a busy shed/garage/ broom cupboard

The fixing plate is 40mmx50mm WxH. Screw holes are Ø4.5mm. There is access through the lower brace for a screw driver.

Printed in PLA+, 0.4mm nozzle, 0.28mm layer height, 3 walls, 4 top/ bottom layers, 30% infill.
