updated 2. 8. 2023 | published 2. 8. 2023

### Summary

Duck tape,paracorde,fishing line or maybe even a fruit roll up this little guy can hold it all just print and glue

[Gadgets](#) > [Portable Devices](#)

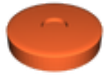

Tags: [keychains](#) [edc](#)

I made this little guy so i could take some duck tape on the go but soon realised it could be used for a mulititude of things .Just print the parts and a couple drops of super glue later you got yourself The Spool im planing to make a smaller and bigger. hope you ejoy and feel free to remix i love seeing your ideas.

### Model files

**the-spool-loop.stl**

### the-spool-bottom.stl

### the-spool-top.stl

☐ print circle side up

### the-spool-core.stl

☐ print this one laying flat at 100% infill
