Summary

Here is a quick back scratcher that I use on the daily.

Tags: [longhandled](#) [sturdy](#) [back](#) [backscratcher](#) [scratcher](#)

I printed this on a 220mm X 220mm machine (ender3S1).

I superglued(CA) it together.

The “head” prints with the large flat side down, no supports.

The “shaft” prints with the wide side down, no supports.

The “handle collar” prints with the smaller flat side down, no supports

The “handle” prints flat side down with support touching build plate where collar goes.
