This is a perfect little gift for your loved one and it prints fast - in case you forgot to buy something, hit print... and you're welcome ;)

Width: ~4 cm

Height: ~3.5 cm

Thickness: 1.6 cm

Printed with 0.4 nozzle, 0.2 layer height, but you can go with lower layer height to get the top of the heart even nicer.

If you don't want to use supports print it upside down (it's already oriented that way).
