Tags: bridge philips hue

This is a print of a bracket for mounting Philips Hue Bridge to a wall.

Features:

- tight friction fit for the bridge
- ability to mount the bridge without disconnecting wires
- does not block access to the button and LEDs
- screw holes for either vertical or horizontal mounting patterns
- design optimized for 3D printing thus 45-degree angles
- wall thickness optimized for 0.4mm nozzle

Print instructions

- Use brim
- Place it vertically parallel to Y-axis for best stability
- Optimized for 0.4mm nozzle
- Originally printed with PLA
