1.67 hrs	1 pcs	0.15 mm	0.40 mm	PLA	12 g	Prusa MK3/S/S+

Gadgets > Photo & Video

Tags: camera lens cap canon eos rear ef

Whether the dog chewed your lens cap, or it fell off a cliff during that last hike, the solution is one print away.

Recommendations:

Print Material: PLA

Infill Percent: 15%

Layer height: .15 (a layer height greater than .15 will not work well since this model requires a very precise fit)

Orientation: Place the top of the cap down against the build plate

Supports: NONE (give those snips a rest)
