Note: As there are many sources for this, there are many different licensing going on. I don't know how to properly do this, so keep those source licenses in mind. If you are the creator of one of them and don't want it listed, just message me and I'll promptly remove it.

The organizer is made from the excellent tool "The Board Game Insert Toolkit". Many other things are borrowed from different places on Thingiverse, check remix section or links here. If there are links, the files are not included in this Thing.

From what I've experienced, you'll need 9 walls, 9 rivers, 3 mists, 4 statues, 2 campfires.
