updated 19. 6. 2024 | published 19. 6. 2024

### Summary

Being high maintenance, the Alicorn requires supports, especially for her delicate wings.

[pretty](#) [majestic](#) [graceful](#) [alicorn](#)

Being high maintenance, the Alicorn requires supports, especially for her delicate wings.

New poses will be captured, when time can be frozen and stored (hopefully soon.)

The correct term for this majestic creature is Alicorn, although, being kind, she will tolerate Unicorn or Pegasus. She won't, however, tolerate "Horse" or "Donkey". These terms are offensive, and if one wishes not to be skewered, they should refrain from such obscenities around an Alicorn/ Unicorn/Pegasus.

Historically, Alicorn figures were given as prestigious gifts from one royal house to another. This figure was created for young Princesses (or Brony Princes) who can open their hearts and homes to this rare creature.

EDIT: the body was a little too long and too thin, so I fixed that in the latest version.

## How I Designed This

### ZBrush!

ZBRUSH FOR THE WIN! Seriously, those wings took me FOREVER!
