Summary

engine mount cross for A2212 RS2205 motors

[Hobby & Makers](#) > [RC & Robotics](#)

Tags: [rc](#) [motor](#) [mount](#) [plane](#) [rcplane](#) [engine](#)

mount for most typical engines like
A2212 https://s.click.aliexpress.com/e/_Eu7fG6f
or
RS2205 https://s.click.aliexpress.com/e/_EvxsxhZ

I've made this because RS2205 is sold without mount, screws only

PETG 100% infill weight is ~2-3g
