Tags: [festool](#) [vacuumcleaner](#) [planer](#) [gude](#)

This is a reduced intake for a Gude (chinese made planer with different names) planer and attached to it is a 45 intake hose of a festool vacuum cleaner. Works as a charme. Visited a friend who made this model and i printed it. So both happy consumers :).

I used pla with 20% infill. walls are 4mm thick and strong enough.
