Summary

Supports: No Resolution: 0.2 Infill: 15 Filament color: White Filament material: PLA

[Household](#) > [Kitchen](#)

Tags: [can](#) [holder](#)

My first design in Fusion 360 for double concentrated tomato paste. You cannot stack the cans therefor this solution.

You can variably adjust the inner diameter in the .f3d file

Another design will follow with holes to save on material.
