Summary

For when you have a desire to show Zelda pride, this keychain is great.

This model is a 3D printable Zelda keychain that features the crest of Hyrule, a symbol of the royal family and the kingdom of Hyrule in the Legend of Zelda series. The crest consists of three triangles, known as the Triforce, that represent the three virtues of power, wisdom, and courage. The Triforce is surrounded by a stylized bird with its wings spread, which is also seen on Link's shield in some games. The model has a hole at the bottom right for attaching a key ring or a chain. The model can be printed in various colors and materials, depending on your preference and printer settings. The model is suitable for fans of the Zelda franchise who want to show their love and appreciation for the game and its lore.

I've included a pre-painted 3MF version for people using Bambu Slicer.

This remix is based on

Legend of Zelda : Hyrrule / Triforce Crest
