updated 9. 10. 2023 | published 9. 10. 2023

## Summary

Here's the official logo of the University of Georgia college football team, from the city of Athens, Georgia, US

[Art & Design](#) > [2D Plates & Logos](#)

Tags: [georgia](#) [bulldogs](#) [uga](#) [logo3d](#)

I created my own svg file to make this logo, using Adobe Illustrator. To make the stl file, I used Fusion 360.

Colors to use are: black, white and red.

Add a gcode to change filaments at the following layers:

Start with white color

Black color at layer 6

Red color at layer 10

Filament: PLA

3D printer: Ender 3

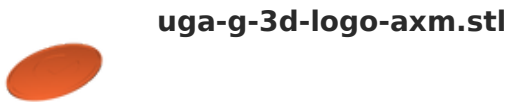

No supports

Resolution 0.2 mm

Infill 15%

Nozzle 0.4 mm
