This pin boot cover is made to fit the Flipper Zero WiFi Dev Board case found at the following locations:

- <https://www.printables.com/model/606858>
- <https://www.thingiverse.com/thing:6090184>
- <https://github.com/CodyTolene/3D-Printing/tree/main/Flipper%20Zero%20-%20WiFi%20Dev%20Board%20Case>
- <https://www.thingiverse.com/thing:5564906>

This is a remix of AWOK's ESP32 V4 case cover (<https://www.thingiverse.com/thing:5961313>), which is quite beautiful. I highly recommend their products.

See more designs on my GitHub here: <https://github.com/CodyTolene/3D-Printing>

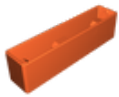

This remix is based on

ESP32 V4 CASE
