Summary

This is a 3D printed back Clip for the Hyper Go MJX RC Car

[3D Printers](#) > [Accessories](#)

Tags: rc rccar

I had this piece break on my kid's MJX Hyper Go RC car so I designed a new peace please note it took me 6 iterations to get it to fit just right. Also, it will need a little bit of support.

I have oriented the STL in the correct orientation that it needs to be printed at.
