Summary

Holder for screwing on (dowel) commercially available soap dispensers (e.g. Isana from Rossmann)

[Household](#) > [Other House Equipment](#)

Tags: [wall](#) [mount](#) [bracket](#) [sink](#) [soap](#) [liquid](#)

inspired by the Ekoln holder of @MK_391119, I have designed a holder for commercial soaps. Super suitable for our utility room, where it is primarily not about the optics, but the functionality.

my print settings:

alignment as saved

material: PLA

Layer height: 0,16mm

Infill: 20%

z-seam: aligned backside

brim or support structures: not required

This remix is based on

Wall mount for IKEA EKOLN Soap Dispenser (Seifenspender)

by MK
