Summary

A stand for the Zoia Euroburo Desktop with slots for mounting a battery bank to power the unit portably, multiple angles

[Gadgets](#) > [Other Gadgets](#)

Tags: [desktop](#) [stand](#) [modular](#) [synth](#) [zoia](#)

Print has leg angle variations of 20, 30, and 60 degrees. Slots on the back can be used to thread through velcro strips to attach a power bank. There are also recessed areas on the bottom for non-slip tape of your choice. Take care when assembling as some parts are quite thin and not at their full strength until fully assembled. If you would like an angle not listed feel free to message.
