Part of my State College PA bar signs collection. I made these on my Prusa Mini, so to have the color changes, I did a filament swap for each layer.

Home of 55 days of Cafe, this sign turned out as one of my favorites, mainly because of the filament choice. Met with my senior design project many times here to do work since it was across the street from Hammond. We even took a kamikaze shot with my 72 year old professor on a Wednesday at 11:15 am once.

Color order: Galaxy Black-White-Yellow
