Summary

Saw blade cover stop, for easier cutting with guide rail.

[3D Printers](#) > [Other Printer Parts & Upgrades](#)

Tags: [saw](#) [makita](#) [circularsaw](#) [makitadhs680](#)

Saw blade cover stop, for easier cutting with guide rail.

Prevents the cover from lowering than the saw table.

Can be rotated 45 degrees to choose if blade cover should be stopped or functional as normal.

Be careful and act at your own risk. I take no responsibility for personal injury or destruction of your equipment!
