Model of the Bumbálka mountain hut - designed and built in 1934-1935 by Robert Seifert from Jablunkov. The mountain hut is located in the Beskydy Mountains on the border of the Czech Republic and Slovakia. Due to (not very noticeable) construction modifications, today it no longer looks as nice as in the past.

Model horské chaty Bumbálka navržené a postavené v letech 1934-1935 Robertem Seifertem z Jablunkova. Horská chata se nachází v pohoří

Beskyd na pomezí Česka a Slovenska. Vlivem (ne příliš citelných) stavebních úprav dnes již nevypadá tak pěkně jako v minulosti.
