updated 17. 10. 2023 | published 17. 10. 2023

## Summary

No respooling no lose adapter ring just works like a normal spool fits nearly every spool.

[3D Printers](#) > [Accessories](#)

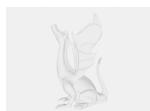

Tags: [cardboard](#) [polymaker](#) [geetech](#) [spooladapter](#)  
[spoolwinder](#) [jayo](#) [respool](#)

Recomending the ocult.3mf Version with the Silica Clamp.

For bigger spools choose the 1,5mm rim version.

:) never respooling again or failed filament swiches cause of lose adapters  
;)
