Summary

simple fidget gear. Still needs some calibration for the pegs and gears.

Made in tinkercad, using the useful gear by gitfiddlerno1. https://www.tinkercad.com/users/7RXM9hHQDng?category=tinkercad&sort=likes&view_mode=default

Another way to play is to hold the toy in-between you middle finger and thumb. Squeeze really hard and it should shoot out of your finger. Takes some practice, but it's really fun.
