Summary

A flared magwell for the TakeFlight - the flywheel conversion of the nerf Takedown!

Tags: [blaster](#) [nerf](#) [flywheel](#) [nerfmod](#) [nerfblander](#)

I designed a flared mag well for a friend, and I thought I'd post it here too!

This flared mag well is a drop-in part that fits over the existing magwell of the Takeflight, a conversion mod of the Nerf Takedown that converts it to a flywheel blaster. If the fit is a little loose, I recommend using a bit of glue to fix it in place!

This remix is based on
