---

Tags: **gridfinity**

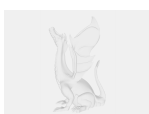

---

Single bin holder for the small scraper which has the print file supplied with the printer.

Holds 4 scrapers. These tend to break down over time so I use these scrapers as semi disposable and a good way to trial new filaments.

File for the scraper is here <https://www.printables.com/model/55519-bed-scraper-fast-print-15min-minimal-filament-usag>
