Tags: [sunvisor](#) [sunvisorclip](#) [ooono](#) [oonoholder](#)

A sunvisor clip for the OOONO CO-DRIVER NO1. Inspired by [@nyknyc 's design](#). It secures the CO-DRIVER NO1 with a friction locking case.

Printing Instructions:

I printed both parts out of PLA (Maybe use something more heat resistant because car interiors can get very hot!), used a 0.4mm nozzle, without supports, the 0,15mm preset, 4 Perimeters and no infill.
