One of my first self designed vases, therefore very simplistic.

Because I don't like the thin walls vase modes generate, i opted for thicker walls for a more rigid vase.

Dimensions:

- Height: 160mm
- Width: ~215mm
- Inner Diameter: ~175mm
- Wall thickness: 2.5mm

Print Instructions:

- No supports needed
- Because of the high surface area, brims are not needed
