Direct replacement for original part.

Makes it a lot easier to rewire a single wire without disconnecting all wires from the controller board.

The older version for MK2/MK2.5 makes access to the X Belt without removing the back plate.

Updates:

2021.11.24: Added X Carriage Back R7 version.

2021.03.22: Works great with MK3S Plus version.

2019.05.12: Split part R4 added.

2018.07.22: Tested and fits the MK2.5 upgrade.
