This is a model of a hexside locker from the show The Owl House.

It is 62mm wide, 165mm tall, and 71mm long.

The door opens with print-in-place hinges.

It is printed in two parts: the door and the frame. They connect without glue. The frame is printed in vase mode.

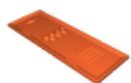

Print Instructions

The door was printed at 0.1mm layer height. It does not require supports.

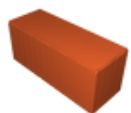

The frame is designed for vase mode. It was printed at 0.2mm layer height.
